

Dear Sir or Madam,

My name is Mrs. APPLICANT, **PASSPORT NUMBER**, and I currently live in ADDRESS with my husband SPONSOR.

On the 25th December 2014, I married the love of my life, Mr. SPONSOR, a British citizen with passport number: **PASSPORT NUMBER**. Currently my husband and I are living together in ADDRESS and have done so since February 2014. I am writing this letter to express our desire and need to be together and how we hope to spend the rest of our lives together in the United Kingdom.

We first met on the 5th June 2012; SPONSOR was living and working in Tokyo, Japan as a game designer and took a trip with some friends to Yamanaka, Japan. We met and instantly became friends and continued to meet as friends for the next few weeks until we began dating the month after. We officially started living together around April 2013 in Tokyo.

For Christmas 2013, me and SPONSOR went back to the UK together for two weeks to visit his friends and family and spent the time staying with SPONSORS friends in London, and his family in a small cottage next door to his grandparents house in Norwich. This trip allowed me to grow closer to SPONSORS family and they were very welcoming. SPONSOR and I travelled back from our trip together and returned to Japan on the **DATE**.

Following our trip to the UK, our relationship continued to grow deeper and SPONSOR visited my family home to meet my family in South Korea. SPONSOR also got on well with my family and was invited to attend my brothers wedding in Seoul, South Korea.

Having met each other's families and being sure that we wanted to be together we decided to move to a larger house just outside of Tokyo at the beginning of 2014, and got married in Tokyo on December 25th 2014. We had already decided prior to getting married that christmas day would make the day even more special, and provide us with the perfect souvenir of our time in Japan, and because Christmas Day in Japan is considered a working day, we had no problems registering our marriage. It was then that we decided to make plans to move to the UK and set about planning our future.

We decided to hold our marriage ceremony once we were in the UK on a more permanent basis and instead held a small wedding party with friends during a skiing trip in January 2015.

Whilst we lived together in Yokohama, we visited several countries numerous times including further trips to South Korea and more trips to the UK. During Christmas 2015 we spent another two weeks in the UK with SPONSORS friends and family, and then in the summer of 2017 we visited SPONSORS mothers home, SPONSORS MOTHERS NAME for the first time on the Isle of Man. SPONSOR then went back to Tokyo and I stayed with his grandparents in Norwich to study English and prepare for the IELTS A1 English test, returning to Tokyo at the end of August 2017. Due to us planning to return to the UK sooner than later, we decided that it would be best to travel to South Korea and take Korean style wedding photos so that we may have wedding photos in both countries.

Upon arriving in the UK, we will live together in an apartment booked through the website "booking.com" for two months until we find permanent accommodation. Please find booking confirmation included. As you will see from my savings declaration and bank statements, I have more than enough money to support both me and SPONSOR while living in the UK for at least the next 2 and a half years if necessary, although we do plan on finding jobs once we enter the UK. My husband will be able to get a job as a Project Manager or Designer in the VR / Games or Movie Production

industry, and I plan to get a job working in the "Big Data" industry conducting data cleansing and optimisation with either pharmaceutical companies or supermarkets.

We will be meeting the financial requirements for the visa through "Appendix 2; category D" on the savings route and I hereby give my consent to use all funds fully available to support the both of us for the next 2 and a half years.

SPONSOR and I have been together for the last six years, four of which can be seen on our "Certificate of Residency" document. Throughout this time we have realised that we have met our perfect partner. We know that we need to be together and look forward to being able to continue our lives together in the UK.

If you have any queries please contact me on [CONTACT DETAILS](#).

Yours faithfully,

APPLICANT
