

The question is, What does a 23st woman look like?

Now, before you look at her pictures, get a mental image of what you think a woman who weighs 23st looks like....

Got it?

Ready?.....

Then Scroll down.....

Not what you were expecting, was it??!!

The tallest and biggest woman in the world lives in Holland.

She is 7'4" and weighs 23stone

What a relief! Now we
ALL know we aren't
overweight, just too
short!
