

AUTÓNOMO PAYMENTS

The attachment below shows how the new 'low start' scheme which was introduced in October 2013 works

<http://www.seg-social.es/prdi00/groups/public/documents/binario/142496.pdf>

Here's an example:

This is based on the current 'basic' autónomo payment - which will vary according to age & other things:

For anyone over 30

you start off for the first 6 months paying 53.07€ a month (80% discount)
then for 6 months you pay 131.36€ a month (50% discount)
then for the next 6 months 183.55€ a month & then full rate thereafter (30% discount)

so after 18 months at a reduced rate you will be paying the full rate

under 30s get an extended period of discount – as shown in the attachment
